

AMERICAN PIT BULL REGISTRY (APBR)

PO BOX 1036 ANTIOCH, TN 37011

LITTER REGISTRATION

In order for an owner to register their litter a parent must also be registered. Only one litter per 6-month period will be allowed to be registered per female. Only 3 litters in any two-year period will be allowed to be registered per female. We at The American Pit Bull Registry feel that over-breeding a female is harmful to both that female and her offspring. We do not promote or condone using any dog in any type of puppy milling operation. Any such violation reported to this registry will be promptly reviewed and revocation of that Pit Bull's registration will be immediate, and if such a ruling is made, that owners rights as a member will be suspended. Any abuse of this process is considered the most severe in nature and will not be tolerated. In order for any puppy in this litter to be registered they all must be registered at the same time.

*Mother's Name APBR# if known

**Litter Registration \$12.50US per pure Pit Pup / Litter
max payment \$100.00 (all pups after 8th pup from same litter are free)**

PLEASE INDICATE HOW YOU WILL BE SUBMITTING YOUR LITTER DUES:

- I will be sending Money Order by mail with this form **OR**
 I will be submitting online using a debit card, credit card or online check

Submission of this form is testimony by you that this litter is in fact the product of a breeding conducted between two 100% pure bred American Pit Bull Terriers. If any information on this form is submitted on false pretense you do understand this can be used against you in both civil and criminal litigation.

****Pics are not required to register litters but are highly encouraged as this helps in the registration transfer process provided free to the new Pit pup owners.*

If pics sent by email the owner name and Litter announcement should be placed in the subject line of the email. A brief text message should also be included containing details. If this method is chosen and the above requirements are not met this may cause the email server to delete the pics causing a potential delay in the registration process for you or the new owners.
